The recommended feeding amounts are based on using a standard 8 oz/250 ml measuring cup which contains approximately 116 g of Dog Chow Complete Adult Beef Flavor. Amounts are recommended for an average adult dog with normal activity. Remember food intake requirements vary depending on age, activity and environment, and should be adjusted accordingly.

SWITCHING TO DOG CHOW

When switching to Dog Chow from another food, please allow 7 - 10 days for the transition. Gradually add more Dog Chow and less of the previous food to your pet's dish each day until the changeover is complete. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
