Fancy Feast Kitten With Savory Chicken & Turkey is formulated to meet the nutritional levels established by the AAFCO Cat Food Nutrient Profiles for growth of kittens.

RECOMMENDED DAILY FEEDING AMOUNTS

Age	Total Daily Amount	Frequency
3 - 6 weeks	1/4 to 1/3 cup	3 - 4 times a day
7 weeks - 6 months	1/3 to 1/2 cup	3 - 4 times a day
7 months - 1 year	1/2 to 2/3 cup	2 times a day

FEEDING KITTENS

Kittens generally nibble solid foods at 3 - 4 weeks of age. Keep moistened Fancy Feast Kitten available to these kittens at all times. Just add one part liquid to three parts Fancy Feast Kitten, changing frequently to ensure freshness. After weaning, at 6 - 8 weeks of age, kittens will normally eat dry or moistened food at will. Start a self-feeding program, leaving food in dish at all times. Feeding amounts should be adjusted as necessary to help your kitten maintain an ideal body condition. Because kittens continue to develop throughout their first year, it's important that they get the extra nutrition of Fancy Feast Kitten for a full 12 months. After one year of age, transition to the Fancy Feast dry formula that's right for your cat.

FEEDING TIP

Changes in your kitten's diet should be made gradually to allow your kitten to become accustomed to a new food. Substitute small amounts of the new food for the old food, gradually increasing the amount of the new food while decreasing the old food, over a period of 7 - 10 days. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean bowl daily.

For your pet's health, see your veterinarian regularly.
